

## Choosing an Optimal Cannabis Scale

The cannabis industry depends heavily on scales that are accurate, reliable and consistent. You'll want a scale that can weigh in grams and that has a tare feature, meaning you can add a bowl, container or rolling paper to the scale, then press tare to subtract its weight and only weigh the marijuana. All of the scales below offer both those features and more.

### POCKET SCALES

Small, convenient, portable, and stealthy, and the most affordable options on our list. Their small size doesn't mean they aren't accurate, our pocket scales can measure down to one-hundredth of a gram. Take into consideration that a \$1 dollar bill weighs 1 gram for reference.

#### Sterling pocket scale

- Stainless steel smooth flat surface (2.4" x 2.1")
- Ultra clear reverse lit LCD display
- Units: g, oz, ozt, dwt, ct, tl, gn
- Measures down to 1/100th of a gram and up to 300 grams
- Includes protective cover that can be used as a tray and a leather pouch
- Powered by (2) AAA batteries (included)

#### Atom Pocket Scale

- Built in calculator, clock and digital thermometer
- Scratch resistant stainless steel weighing surface
- Clear reverse lit LCD display
- Units: g, oz, ozt, dwt, ct, tl, gn
- Measures down to 1/100th of a gram and up to 200 grams
- Includes protective flip open lid and leather pouch
- Powered by (2) AAA batteries (included)

#### Titanium Pocket Scale

- Large 4"x4" stainless steel weighing surface
- Backlit LCD display
- Units: g, oz, ozt, dwt
- Measures down to 1/100th of a gram and up to 500 grams
- Includes two protective covers that can be used as trays
- Powered by (2) AAA batteries (included)

### BALANCES

Ideal for labs, grow factories or dispensaries for weighing marijuana or cbd oil. These scales offer medium sized weighing surfaces, but are still lightweight, portable and reasonably priced. Most balances weigh in 1 gram increments, but our following balances weigh down to 1/10th of a gram.

#### JAVA

- Water resistant, full ABS design
- Clear reverse lit LCD display
- Units: g, oz, lb, ml, kg
- Measures down to 1/10th of a gram and up to 6.5 lbs
- Includes protective rubber mat, and large clear tray
- Powered by (2) AAA batteries (included)

## BALANCES

### OPK

- Compact entry level precision lab balance
- Stainless steel (7"x7") or abs plastic (5.7"x5.7") smooth flat surface
- LCD display
- Units: g, oz, ozt, dwt, ct, tl, gn
- Measures down to 1/10<sup>th</sup> of a gram and up to 500 grams
- Includes leveling feet and leveling bubble
- Powered by included AC adapter or (4) AA batteries

### OPH-T

- Medium sized precision lab balance
- Stainless steel removable round pan (Φ 5")
- Large backlit LCD display
- Units: g, oz, ozt, dwt, ct, tl, gn, dwt, tLT, GN, N
- Measures down to 1/100<sup>th</sup> of a gram and up to 4,000 grams
- Includes leveling feet and leveling bubble
- Powered by included AC adapter or (4) AA batteries

## BENCH SCALES

Optima's bench scales are NTEP certified and come in a variety of sizes and capacities. These heavy duty scales are designed for speed and accuracy and are built to be long lasting. They are perfect for large commercial growing facilities to weigh large amounts of trim or for packaging.

### OP-915-SS

- Stainless steel industrial table top scale
- Smooth stainless steel removable pan (10" x 10")
- Large backlit LCD display
- Units: g, oz, ozt, dwt, ct, tl, gn, dwt, tLT, GN, N
- Measures down to 1/10<sup>th</sup> of a gram and up to 6 lbs
- Includes leveling feet and leveling bubble
- Powered by AC adapter (included) or battery (optional)

### OP-915

- Alloy steel industrial table top scale
- Smooth stainless steel removable pan (10" x 10")
- Large backlit LCD display
- Units: g, oz, ozt, dwt, ct, tl, gn, dwt, tLT, GN, N
- Measures down to 0.02 lb and up to 150 lbs
- Includes leveling feet and leveling bubble
- Powered by AC adapter (included) or battery (optional)

### OP-915BW

- This is the portable version of the OP-915
- Includes 4 wheels and a backrail for pushing and pulling
- Smooth stainless steel weighing surface
- Large backlit LCD display
- Units: g, oz, ozt, dwt, ct, tl, gn, dwt, tLT, GN, N
- Measures down to 0.1 lb and up to 500 lbs
- Powered by AC adapter (included) or battery (optional)
